The CPM Console Server + PDU Manager is a comprehensive Out-of-Band Rescue™ solution including all the remote network management tools you need in a single package.

When your network is down or unresponsive, the CPM allows you to access, troubleshoot and revive network services from a single secure session. SSH to multiple console or maintenance ports and reconfigure your mission critical devices as well as remotely control power on individual outlets.

The CPM Console Server + PDU Manager offers lights out management of your LAN/WAN infrastructure providing event monitoring, logging and notification alarms for the NOC. The CPM can be globally deployed and managed as a stand alone unit or a complete enterprise Out-of-Band Rescue™ solution.

Now with 4G LTE Cellular!
## CPM Series

### Console Server + PDU Combo

* ATS feature requires each input to be loaded no more than 50% capacity of total Power Distribution
** 200/240V AC power supply with ATS Optional Add-on

### Event Monitoring, Logging & Notification:
- Alarms via SNMP, Email or Text Message
- Over-Temperature Alarms
- Ping-No-Answer Alarm (Failed Ping Command)
- Power Cycle & Lost Voltage Alarms
- Temperature, Command & Event Logging
- Buffer Threshold Alarm
- No Dialtone & Lost Communication Alarms
- Time Stamp & Non-Connect Port Buffering
- SYSLOG Messages

### Unit Management:
- RESTful Web Services API
- DHCP/FTP/TFTP/SFTP/SCP
- CLI & Web-Based GUI
- Compatible with WMU Enterprise Management Software
- Multiple Concurrent SSHv2 Sessions
- Full MIB Support
- NTP for True Server Sync

### Specifications
- **Ethernet Port(s):** 10/100/1000 BaseT, RJ45
- **Internal Modem Option:** 56K v.92 Internal Modem with Dialback Security
- **Internal Cellular Option:** 4G LTE for Verizon, AT&T or EU
- **Operating Temperature:** 32°F - 140°F (0°C - 60°C)
- **Humidity:** 10 - 90% RH
- **CPM-800 Dimensions:** Height: 1.75” (4.4 cm), 1 Rack U Width: 17.15” (43.6 cm) Depth: 8.7” (22.1 cm)
- **CPM-1600 Dimensions:** Height: 3.5” (8.9 cm), 2 Rack U Width: 17.15” (43.6 cm) Depth: 12.5” (31.8 cm)
- **Shipping Weight:** CPM-800 Series: 10 Lbs (4.5 Kgs) CPM-1600 Series: 22 Lbs. (10 Kgs)
- **Mounting:** 19” Rack Brackets Included
- **Approvals:** UL, cUL, CE, FCC Class A

### Optional Add-On Features

- **Dual Ethernet:** Yes* 4G LTE: No ATS: Yes Current Metering: No
- **Dial-Up Modem:** No 4G LTE: No ATS: Yes Current Metering: No
- **4G LTE:** Yes* 4G LTE: Yes ATS: Yes Current Metering: Yes

### Add-On Features

- Dual Ethernet/Dual Power
- Current Metering
- Automatic Transfer Switch
- Dial-Up Modem

### 4G LTE Cellular Requires Additional W4G-VZW, W4G-ATT or W4G-EUA Part No.
